## C.0. POJASNILA K PREGLEDNICAM

Poglavlje o izvirovih (C) sestavlja pet preglednic, v katerih so prikazani osnovni podatki in rezultati meritev na vodomernih postajah, ki delujejo v mreži za izvire.

### *Razlage pojmov in okrajšav v preglednicah:*

# C. SPRINGS

## C.0. EXPLANATION TO THE TABLES

The chapter on springs (C) consists of five tables in which basic data are listed, as well as the measurement results from water gauging stations which were included in the spring network.

### *Key to the terms and abbreviations used in the tables:*

**Št. (No)** – current number of the spring;

**Šifra (Code)** – code of a water gauging station (acc. to the code list Environmental Agency of the Republic of Slovenia);

**Tip (Type)** – equipment at the station (P – data logger);

**Postaja (Station)** – name of the station for a spring or location;

**Izvir** – the name of the spring;

**Kota (Datum point)** – the "zero" point of the gauge altitude (in meters above the level of the Adriatic Sea);

**X and Y** – Gauss-Krueger coordinates of the station's position on the topographic map of scale 1:25000;

**Začetek opazovanj (Beginning of observations)** – the year in which the observations began;

**Stran (Page)** – the page in the yearbook on which the data on water levels (H), discharges (Q), water temperature (T), and specific electrical conductance (SEP) are listed for the spring station;

**Hnk** – the lowest annual (monthly) water level – extreme;

**Hs** – mean annual (monthly) water level;

**Hvk** – the highest annual (monthly) water level – extreme;

**Tnk** – the lowest annual water temperature (monthly) – extreme;

**Ts** – mean annual water temperature (monthly);

**Tvk** – the highest annual water temperature (monthly) – extreme;

**SEPk** – the lowest annual (monthly) specific electrical conductance;

**SEPs** – mean annual (monthly) specific electrical conductance;

**SEPk** – the highest annual (monthly) specific electrical conductance;

**Qnk** – the lowest annual (monthly) discharge – extreme;

**Qs** – mean annual (monthly) discharge;

**Qvk** – the highest annual (monthly) discharge – extreme;

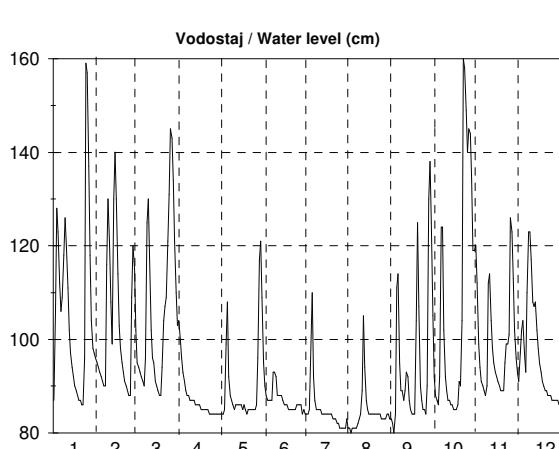

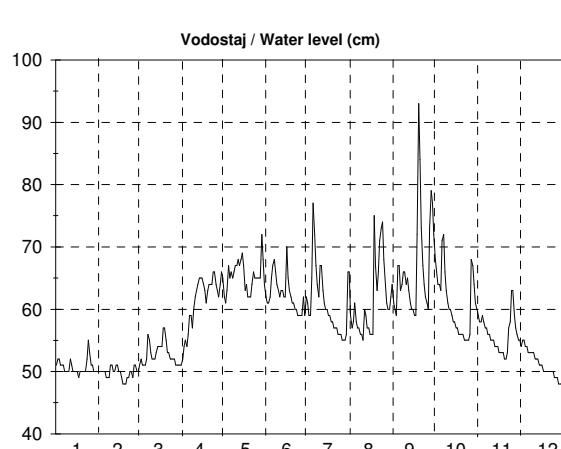

---- – no data;
